SilverWinds offers a complete range of accessories for all woodwind instruments. Alongside our most popular stock listed on this page we have a vast range of accessories and cleaning products available. If you are unable to see what you require then please contact the shop and we will be more than happy to help.

VANDOREN OPTIMUM LIGATURES & CAPS

The Vandoren Optimum Ligature features a unique double-track screw mechanism which tightens both sides of the ligature equally, thus holding the reed securely in position without compressing the reed or ligature.

They also feature three interchangeable pressure plates which can be adjusted to suit the sound, style & musical piece you are performing. The collar around the mouthpiece remains independent of the area in contact with the reed to allow the vibrations of the reed to develop without interference.

- 93LC731A Bb Clarinet silver plated with cap - £73.00
- 93LC832 Alto Sax gold plated with cap - £78.00
- 93LC833 Tenor Sax gold plated with cap - £83.00

YANAGISAWA, OTTO LINK & VANDOREN MOUTHPIECES

We offer a wide selection of mouthpieces for clarinets and saxophones. These range from the hard rubber mouthpiece which features a round chamber, whilst the silver-plated and gold plated solid brass mouthpieces have a square chamber and come complete with matching ligature and cap.

Prices range from £63.00 - £160.00

If you are thinking of purchasing a new mouthpiece then we would highly recommend that you visit us to test and select the correct mouthpiece for you.
